

Life Skills Coach/Case Manager

Job Description

ORGANIZATION OVERVIEW

We believe all youth deserve the ability to live healthy, connected, and productive lives. At Beyond Emancipation (B:E), we provide a transformational environment and essential resources for transition-aged youth who have experience in foster care or probation placements to support their efforts to move toward independent adulthood. Under our unique partnership to operate Alameda County Social Services' Independent Living Program, we have the substantial advantage of engaging youth for an entire decade of their lives, from ages 14 to 24.

Founded in 1995, our program services include access to safe host and community housing, post-secondary educational supports, and one-on-one and small group coaching in the areas of life skills, health and wellness, and employment training. All programs are delivered using our signature youth-empowerment, strength-based coaching approach: "Creative, Connected, Resourceful, Whole", created and adopted in 2010. This innovative and successful coaching model provides the information, skills, and supports that enable youth to build resiliency and take responsibility for their own planning and decisions, leading to long-lasting positive change.

PROGRAM OVERVIEW

Alameda County was one of the first counties in the state to develop an Independent Living Skills Program. In July 2016, after the transition of a provider in place for 20+ years, Beyond Emancipation became Alameda County's Independent Living Program (ILP) provider. The ILP program supports current foster youth ages 14-21, using our coaching model, to be better prepared to transition from foster care and to live healthy, productive and connected lives. Service modalities include 1:1 coaching and case management, educational workshops, ongoing groups and events. The program incorporates youth voice, as well as support and services from a wide variety of partners. Services are headquartered at Alameda County and B:E's current co- location in East Oakland with complementary services offered in South County.

POSITION OVERVIEW

The Life Skills Coach/Case Manager will serve as the primary staff in meetings connecting both emancipating youth and non-minor dependents to available services at B:E and other local providers in the areas of education, employment, housing, wellness, and permanency. In addition, the Life Skills Coach/Case Manager follows up with youth served to provide more targeted support to help youth meet their education and employment goals. Reporting to B:E's ILP Director and working in close collaboration with ILP staff, this is a full-time position. Currently, due to COVID-19 much of this work is remote. B:E plans to transition back into the office in the fall of 2021.
